

Extra! Extra!

Section 1: Image & Text Tools

1. [PICMONKEY](#) free image editing
<http://bit.ly/pmtutorials> (and lots of tutorials on [youtube.com](https://www.youtube.com))
2. [FLAMING TEXT](#) free logo creator
3. [PHOTOFUNIA](#) image manipulator and cool tools lab
4. SOURCES FOR FREE IMAGES - be sure to get free images, etc. from paid sources
[MORGUEFILE](#) (perhaps my fave)
[SXC](#) (free side of iStock)
[FREE RANGE STOCK](#) (free side of Shutterstock)
[PIXEL PERFECT DIGITAL](#)

Section 2: Web Tools

1. [BITLY](#) link shortener
2. [JING](#) screen capture tool
3. [POLL EVERYWHERE](#) poll creator (can embed in PowerPoint)
4. [PADLET](#) paper for the web (find tutorials on [YouTube](https://www.youtube.com))
5. [MINDMEISTER](#) online mind mapping (small fee)

Section 3: Using PPT to Create Docs

Tutorials:

<http://bit.ly/pptutorial>

<http://bit.ly/pptquizzes>

<http://bit.ly/pptprint>

Section 4: Infographics

Places Students Can Make Infographics:

infogr.am

visual.ly

piktochart.com

Places Students Can Find Data That Looks Cool:

[GAPMINDER](#) visualize data over time with amazing results (be sure to explore more of Hans Rosling's work on [TED](#))

[GOOGLE PUBLIC DATA](#) (limited, but will likely grow)

[STATSILK](#) - statistics visualization software (very high quality site)

Using Infographics in the Classroom:

<http://bit.ly/infoassess> - using infographics for creative assessment (lots and lots of resources here)

<http://bit.ly/nytinfo> - The New York Times shares ways to help students interpret data - while you're there, look at all the amazing stuff they have for teachers!)

[LiveBinder](#) - loads of resources in this LiveBinder about infographics for teachers and librarians

Section 5: Font and Color Tools

Identify Fonts

[What the Font](#)

Find Fonts

[DAFONT](#)

[FONTSQUIRREL](#)

Take Your Typography Knowledge to a New Level

[Typography School](#)

Color Tools

[COLORCO](#) color finder - oh, this is fun!

[COLOR CODES](#) find colors, identify web-safe colors, get color codes & more

[TIN EYE LABS](#) image search by color and color extraction
